

# 2025 CAPABILITY STATEMENT

# COMPANY PROFILE

Marlee Resources is a proudly Indigenous owned, licensed and accredited government, civil, and mining contractor operating across Western Australia.

We provide extensive mining and civil contracting services including earthmoving, mobile heavy diesel mechanics, mobile dewatering, and asset management to major projects across the state. Our experienced professionals prioritize safety while delivering quality. We are proud of our reputation for consistent, efficient performance across a comprehensive range of civil and mining services.

# COMPANY PROFILE

Marlee Resources was established in 2017 and is equipped to support a broad range of civil, mining and exploration based site projects. We have a strong reputable client base and offer customizable packages with adjustable rates. Supply Nation Certified, we maintain and operate from our Perth workshop and storage facility where innovation and excellence are celebrated.

Marlee Resources is named after the Marlee, meaning Swan in Noongar.

A significant figure in Noongar storytelling, the black swan symbolizes mateship, & as a company, we prioritize healthy collaboration and dynamic teamwork.

Marlee Resources consistently seeks to contribute to a sustainable future for Aboriginal Australians with our staff hail from communities across Western Australia.

# HEALTH, SAFETY, & ENVIRONMENT

Safety is the most important value of our business. Every member of the team is a precious, irreplaceable asset.

We take a proactive approach to Occupational Health and Safety initiatives.

Protecting our people, our clients, and the environment in which we operate are top priorities at Marlee Resources, and these important goals are achieved through a Zero Harm safety philosophy.

Our Vision towards Zero Harm includes:

- Zero injuries
- Zero fatalities
- Zero negative environmental impact
- Zero tolerance toward unsafe behaviour
- Zero plant or equipment incidents

**We promise  
mining and  
civil  
contracting  
with care.**

# HEALTH, SAFETY, & ENVIRONMENT

Marlee Resources implemented Safe Work Procedure to ensure our teams perform their duties safely and effectively.

Every Marlee Resources staff member takes workplace safety seriously. We continually aim to improve our safety philosophy by assessing, reviewing and testing our policies and procedures. Marlee Resources is committed to maintaining the best possible standard of health and safety practices.

We manage our "environmental footprint" using Quality Management Systems to ensure minimal impact to the environment and guarantee compliance on all projects. We are committed to sustainability in every area of operation. As an Indigenous-owned company, Marlee Resources will always treat the land with the utmost care and respect, constantly evaluating ways to further reduce impact.

# INDIGENOUS ENGAGEMENT

We pride ourselves on respecting the land we operate on as well as the traditional owners.

Our traditional land groups are Noongar, Ngadju, Yamatji, and Wongi. As an Indigenous contractor, we believe the representation of Indigenous Australians in the community should be matched by an equal representation of Indigenous Australians in the project workforce. At Marlee Resources we constantly seek to engage Aboriginal people in the country & in regional communities through innovative and substantial job creation & enterprise development.

Engaging Marlee Resources for your next project in Western Australia is an opportunity to work with a proudly Indigenous-owned civil and mining contractor. Our headquarters are based in Noongar country, and our staff hail from Indigenous communities across the state including Perth, Geraldton, Langford, Kalgoorlie, Esperance, Wiluna, Norseman, Newman, and Broome.

Our commitment to a sustainable future for Aboriginal Australians.

- Secure Employment – Increase the number of indigenous employees we hire.
- Quality Education – Provide appropriate development opportunities for Indigenous employees to establish reporting and evaluating mechanisms for the Indigenous employment strategy.
- Business Development – Develop practices that demonstrate an inclusive and welcoming environment for Indigenous employees and potential employees.
- Social Wellbeing – Raise awareness among non-Indigenous Australian employees of the cultural issues that may affect the employment of Indigenous people.
- Capacity Building – Create traineeships and long-term job opportunities for Indigenous employees.
